

I Donald Maager, Sr., oppose the NAB's petition 04-160, .XM Instant Traffic & Weather, is a help to us as a dedicated driver of a truck. And for the over the road driver's so they can del. freight more safer than most local weather reports give you, at the time you need it. I pay for these services and I don't think it should be up to the National Association of Broadcasters to dictate what you are permitted to hear. I Respectfully urge you the FCC to oppose the NAB's petition 04-160 I think I still have the right as a us citizen to listen to what I like and want??? Sincerly Yours Donald Maager, Sr.
